

One SOUTHEASTERN

IMPORTANT INFORMATION ABOUT

Dear Parents and Guardians,

I am writing to provide you with important information regarding your child's Chromebook computer. Please read through this letter carefully as it contains important information. I have also included a list of Frequently-Asked-Questions, as well as Southeastern's Student Chromebook Agreement.

Starting in September, Southeastern will be issuing all incoming freshman and transfer students a Chromebook computer.

The use of Chromebooks is not optional. In order to access the curriculum, your child will need to bring their fully charged Chromebook to school every day, and to care for it properly.

Invoices for insurance will be sent via PayPal to your email address. You can pay this invoice online via Paypal or Credit Card. You can also pay at the High School using cash or a check made payable to "SERSD".

All Chromebook insurance should be paid before the beginning of the school year. In advance, I would appreciate your cooperation in starting the school year off on a positive note. If you have any questions or concerns regarding Chromebooks or any other issue, please feel free to contact me at lweckesser@sersd.org or 508-230-1204.

Please visit the links below to access the Frequently-Asked-Questions and Student Chromebook Agreement documents:
