

Easton Garden Club Scholarship/Toolship

Amount: varies

The Easton Garden Club Scholarship is intended for graduating seniors, who are **residents of Easton**. The scholarship will be awarded to a student(s) who plans to study landscape design, conservation, horticulture, environmental science/studies, agriculture or a field related to environmental concerns, or to a student(s) as a "toolship" for those needing to purchase tools for entering the workforce in landscape, horticultural, or environmental areas.

*A letter is required outlining your involvement in clubs, research, or community service in this field of interest as well as any awards you may have received. Please include your intended major in college, why you have chosen to study it, and which college you will be attending (if you have chosen as of this date), or your plans for using a "toolship" to prepare for your intended work or business.
